      - Class III bike route signs should be changed to add signage to advise bicyclists of a neighborhood ‘slow zone’.
      - Signs should direct faster-moving bicyclists to use Tiburon Boulevard.
      - Explore the use of different pavement textures to help slow bicycle traffic on Greenwood Beach Road or alert cyclists to slow zone signs.
    - Project #1, Blackie’s Pasture connection, should be modified to advise bicyclists that they are entering a neighborhood ‘slow zone’.
  - Also by consensus of the Commission, the Commissioners set the order of project priorities to be the following:
    - First priority should be Project #3, Greenwood Beach Road
    - Second priority should be Project #7, Tiburon Boulevard
    - Third priority should be Project #1, Blackie’s Pasture Connection
    - Last priority should be Project #4, Trestle Glen Boulevard
