## Construction Alert: Road Work on Tiburon Boulevard Next Week

On Monday, February 13 and Tuesday, February 14, contractors working for PG&E as part of the Hawthorne Utility Underground Project will mobilize to install two new utility poles along the shoulder of Tiburon Boulevard near Bayshore Terrace.

During this work, a detour will be in effect on Tiburon Boulevard between Avenida Miraflores and Rock Hill Road routing traffic through the adjacent neighborhoods in an attempt to minimize backups.

Although contractors and Town staff will make every attempt possible to have the work completed in the most expeditious manner possible, motorists should plan for backups and longer than normal travel times through the area.

The Department of Public Works appreciates everyone's patience and understanding as this critical infrastructure project progresses into the next phase of construction.
