Tiburon Police Deploys First EV Patrol Vehicle

The Tiburon Police Department is excited to announce the deployment of the first fully marked EV police patrol vehicle within the County of Marin. The Tiburon Town Council approved purchase of the EV vehicle as a pilot program after several other Bay Area law enforcement agencies reported successful implementations within their own fleets. The Tesla Model Y vehicle was chosen as it was the most comparable in terms of size and interior form factor to the department's existing patrol vehicles. This EV patrol vehicle is one of the many ways the Town of Tiburon is working to achieve the goals included in the Council adopted Town of Tiburon Climate Action Plan.

Special thanks to the Transportation Agency of Marin (TAM) for providing grant funding to assist with the purchase of the vehicle and installation of charging stations at the Police Station.
