Street Maintenance Projects Begin Throughout Town

The Town is conducting three street rehabilitation and maintenance projects in the coming weeks. The work will take place on residential and commercial streets.

Team Ghilotti, Inc. has begun work and will be performing a combination of pavement patching, repaving, and restriping work.

Doolittle Construction will start in the next few weeks to perform slurry seal and restriping work.

RK Engineering will start in the next month or so to perform the East View Avenue Rehabilitation Project on Corinthian Island.

Review the [project street list](#) to see if your street will be impacted. The treatments listed in the street list are explained below:

- **Digout & Slurry Seal** - Consists of patching potholes and other deficiencies within the pavement surface with hot mix asphalt, removing all striping, applying a slurry seal (approximately 1/4" thickness of asphalt emulsion and fine aggregate), and restriping. *Slurry seal work is traditionally applied one half of a street at a time, temporarily limiting access for residents while the product cures.*
- **Grind & Overlay / Mill & Fill** - Consists of milling the existing pavement surface and applying a new layer of hot mix asphalt that ranges in thickness from approximately 2" to 4". *Grind & overlay / Mill & fill work traditionally has more limited impacts to traffic as the pavement surface can be driven on after it is ground down and opened back up to traffic post installation after proper compaction and temperature is achieved.*

Thank you for your patience as we make these important street improvements.

August 29, 2023 Town Council Special Election

ATTN: Tiburon Voters!

The August 29 Town Council Special Election is Tuesday! All active registered voters automatically received a vote-by-mail ballot for this election. You should have received your ballot already.

Please return your ballot in the pre-paid envelope provided or to the ballot drop box at Tiburon Town Hall. This is an all-mail election. There are no vote center locations. If you need in-person voting services, please go to the Elections Department at the Marin County Civic Center.

Track your ballot at wheresmyballot.sos.ca.gov.

The Goats are Here!

The Town's new vegetation management crew has arrived!

315 goats were deployed near the Hippie Tree earlier this week. The goats will be working in a few open space areas around Tiburon through September and will eat about an acre of vegetation a day.

Did you see the video we posted of the goats on Instagram? [Click here](#) or on the photo to watch. And follow [@townoftiburon](#) on IG for other important (and fun) updates.

Now Accepting Applications for the Citizens Advisory Panel

The Town is now accepting applications from residents interested in serving on the Citizens Advisory Panel (CAP). There are two positions open for a Tiburon resident.

The CAP, a community-oriented police advisory body, is a forum for police-community interaction to address public safety, community engagement, and related issues to further enhance the quality of life in Tiburon. The Panel is intended to reinforce the Police Department's commitment to policing in partnership with the community. More information about the panel is available in the [Citizens Advisory Panel Manual](#).

Applicants should be residents of the Town of Tiburon and should demonstrate dedication to helping fellow community members, working with the police to improve quality of life, improving communication both within their community and between the community and the police. Applicants should have the time available to attend quarterly meetings. If selected, CAP volunteers are subject to a Level III background check. Candidates may be disqualified if they are found to have been arrested or convicted of certain crimes.

To apply, please submit [a completed application](#) and resume to Town Clerk Lea Dilena at

Deadline: August 31, 2023 at 5:00 p.m.

Help Keep SF Bay Litter Free!

Join the Marin County Stormwater Pollution Prevention Program (MCSTOPPP), Clean Marin and the Town of Tiburon as we tackle trash along Main Street and Shoreline Park. The cleanup crew will be meeting up at the beginning of Shoreline Park (near the roundabout). Come out for the whole event or just 30 minutes. Every effort makes a difference!

Date: Monday, August 28
Time: 10:00 a.m. to 11:30 a.m.

MCSTOPPP will provide the safety vests, litter grabbers, trash bags, and buckets. Please bring a reusable water bottle, sturdy shoes, gloves, and a hat if its sunny.

If possible, please print and sign [the volunteer waiver](#) and bring it with you and RSVP to MCSTOPPP at mcstoppp@marincounty.org so we know how many volunteers are attending.

Happy Back to School!

It's back to school time! A few reminders from Tiburon Police so we can all have a safe back to school day and school year:

- Leave early
- Drive slow
- Watch for pedestrians and bicyclists
- Stop for school buses when red lights are flashing and the stop sign is out
- Be patient
- Be kind
- Stay off your phone while driving

Tiburon Police Officers will be out and about as a visible presence and deterrent. Thanks for your help and have a safe and happy school year!

Join Us in Creating Tiburon's Parks & Recreation Master Plan!

We are currently creating a Parks & Recreation Master Plan for our community's public parks and open spaces.

The Plan allows us to take stock of what we have and chart the course for an enhanced, financially sustainable parks system for years to come. We hope you join us in this process!

Community Workshop

Monday, September 11, 2023

5:30 p.m. - 7:30 p.m.

Tiburon Town Hall, 1505 Tiburon Boulevard, Tiburon CA

Community Workshop (Virtual)

Tuesday, September 12, 2023

5:30 p.m. - 7:30 p.m.

Virtual Only (Zoom)

Community Walking Tour

Sunday, September 24, 2023

1:00 p.m. - 3:00 p.m.

Richardson Bay Lineal Park System - Meet at Blackie's Pasture Parking Lot

Survey

All Tiburon households recently received this statistically-valid survey in the mail. Please submit your responses to share your ideas about Tiburon Parks & Recreation!

Single-Use Foodware: New Provisions for Prepared or Takeout Food Go into Effect in November 2023

In 2022, the Town Council joined Marin County in adopting an ordinance that would require packaging for prepared food or takeout food to be reusable or compostable, and would prohibit plastic foodware. Since then, almost all Marin County jurisdictions have also adopted similar ordinances. The provisions of the ordinance go into effect in November.

The foodware ordinance oversees a wide spread of items essential to prepared and packaged food, including containers, plates, cups, lids, trays, cutlery, and napkins. It creates a basis for compliant single-use foodware that must be certified compostable, approved by the County's Environmental Health Services, and made from natural fibers to prevent harmful chemicals.

In addition, compliant foodware items must be fully compostable and accepted in the County's composting collection program. The ordinance rules that there must be compostable takeout foodware, not including plastics, while needing reusable dine-in items and giving out compostable items if asked. Using bio-plastics is not allowed because they can mess up the composting process, but using aluminum is okay. Businesses that sell food need to charge \$0.25 for a non-reusable cup, not counting those who are excused, to help sustainability programs and reduce waste.

The ordinance also requires any Town-sponsored events to use reusable or compliant foodware and accessories.

[Read more about the new ordinance here.](#)

 <p>Bring Your Own Reusable is BEST</p>	 <p>Compostable or Aluminum is OK</p>	 <p>Plastic & Plastic-Lined Paper are BANNED</p>
		
<p>When dining-in at a restaurant, reusable foodware and utensils must be provided. Customers are allowed to bring their own clean containers for take-out.</p>	<p>All take-out foodware (plates, containers, cups, utensils, straws) must be natural-fiber compostable or all-aluminum, and only available upon request. An itemized charge of \$0.25 will be added for disposable cups.</p>	<p>Plastic and plastic-lined paper containers are banned. Many paper containers are lined with thin plastic film and cannot be recycled or composted. Bio-plastics labeled as "compostable" are NOT allowed.</p>

Resilient Neighborhoods Climate Action Workshops - Registration is Open!

Interested in taking action to create a sustainable future? Join a Resilient Neighborhoods Climate Action Workshop to make your home and lifestyle more climate-friendly. This program will help you reduce energy consumption, switch to renewable energy sources, cut down on waste, and prepare for climate-related emergencies.

During the program, you'll create a personalized climate action plan to take action now and through the year 2030. You'll have ongoing access to up-to-date resources and financial incentives to efficiently and cost-effectively achieve your goals.

Over 2,000 Marin residents have already participated, reducing nearly 13 million pounds of CO2 emissions! The workshop meets five times over ten weeks through teleconference and is free for all Marin residents. Choose from sessions starting on either September 13th or 21st. Be part of the climate movement and register today at <http://tinyurl.com/RNProgram> or visit www.ResilientNeighborhoods.org.
