## Caltrans Projects on Tiburon Boulevard

### Tiburon Boulevard & Ned's Way

Caltrans will begin work to install a HAWK (high intensity activated crosswalk) signal at the Ned's Way crosswalk on approximately Tuesday, February 20.

This project is expected to take about five weeks (weather dependent) and will consist of day and night work. Caltrans expects the majority of the work to be confined to the shoulder area of the roadway, but some temporary cross-highway work may be necessary at times.

No one-way traffic control is anticipated for this project; two through lanes on Tiburon Boulevard will remain open, but flaggers may be used at times to guide work vehicles through the area.

### Tiburon Boulevard & Trestle Glen

After work completes at Ned's Way, Caltrans will begin work at the Trestle Glen Boulevard intersection to install new thermoplastic crosswalk markings and enhanced signage.

Caltrans anticipates this project will consist of night work only, but day work may be minimally required at times.

No one-way traffic control is anticipated for this project; two through lanes on Tiburon Boulevard will remain open, but flaggers may be used at times to guide work vehicles through the area.

Traffic impacts are expected to be minimal for both projects. The Town has requested Caltrans limit any lane closures to nighttime hours and communicated the importance of keeping both lanes open and utilizing lane shifts and shoulder closures in lieu of one-way traffic control as much as possible.

### Tiburon Boulevard & Stewart Drive

Caltrans continues work on Tiburon Boulevard to repair the damaged storm drain at the Tiburon Boulevard & Stewart Drive crosswalk. The work is weather dependent, so it will likely continue through the next two weeks.

## Local Hazard Mitigation Plan Public Review Period

What can be done to limit the impacts of natural hazards in Marin County?

The County of Marin, 11 cities and towns, including Tiburon, and some special districts have collaborated over the last year to develop a Local Hazard Mitigation Plan to assess the risk of natural hazards and to propose projects to reduce impacts.

Local emergency response coordinators are now seeking public feedback on the proposed projects focused on reducing the impacts of natural hazards. Anyone who lives or works in Marin County is invited to provide feedback so plans are inclusive of diverse perspectives.

To review the projects and provide feedback, use the [interactive hazard map](#) and [complete the feedback survey](#).

## Parks & Recreation Master Plan Workshop

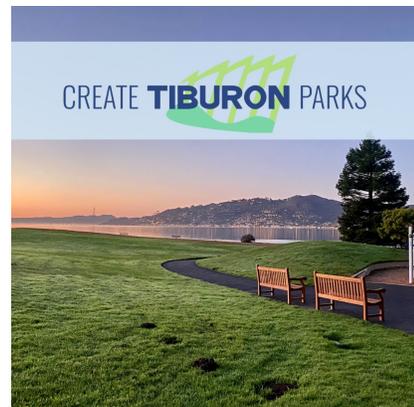

The Parks & Recreation Master Plan development is underway. The planning process allows us to take stock of what we have and chart the course for an enhanced and financially sustainable parks and open space system for years to come. Join us for the next virtual workshop tomorrow!

### Smaller Parks, Open Spaces, & Trails Focus

Thursday, February 15, 2024

11:30 a.m. - 1:00 p.m.

## Apply for the Diversity Inclusion Task Force

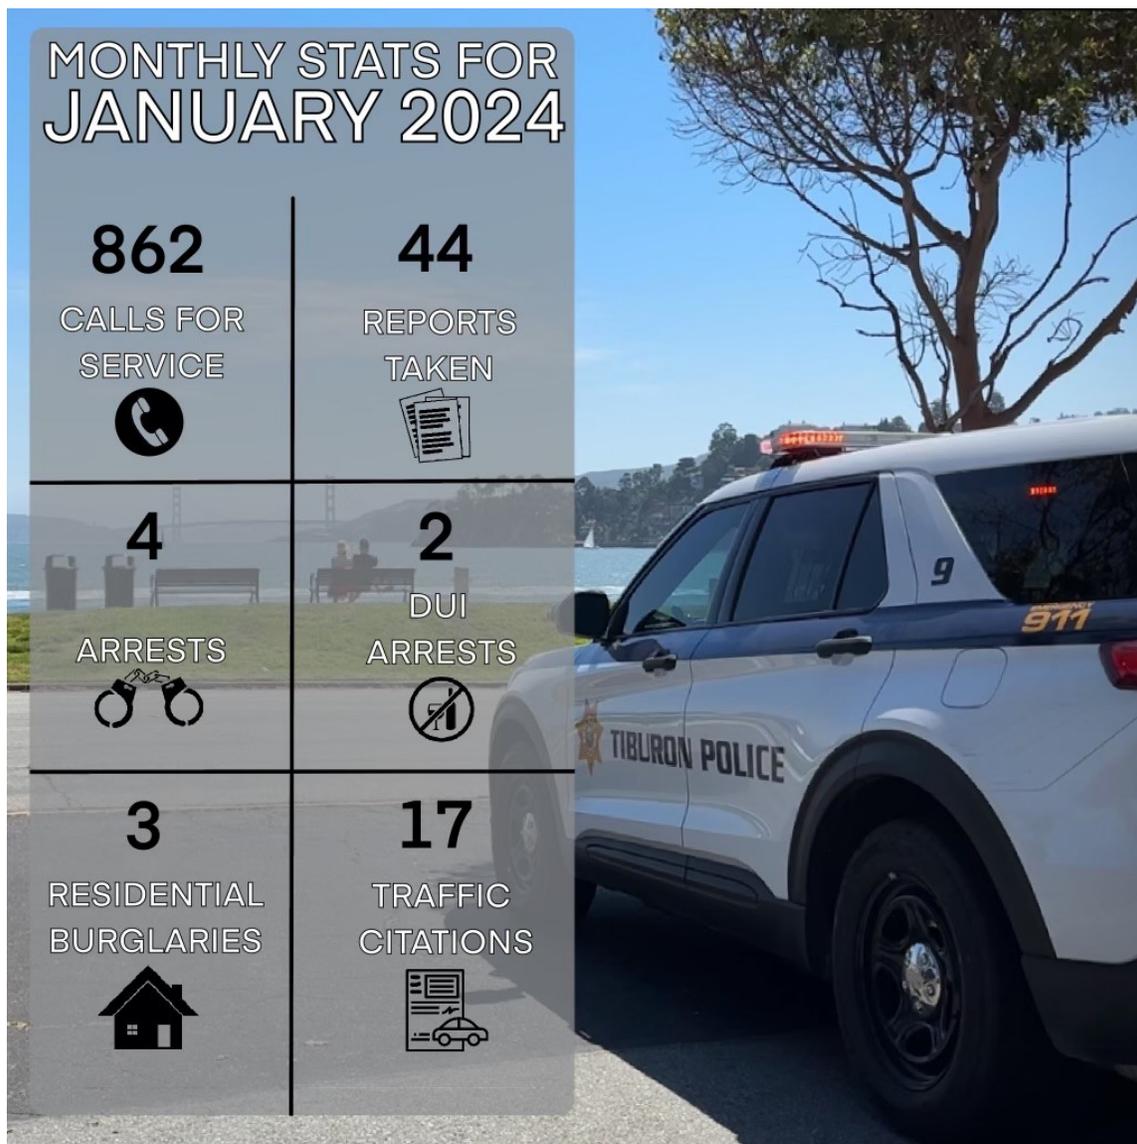

The Town is now accepting applications from full-time Tiburon or Belvedere residents for an opening on the Diversity Inclusion Task Force. [Read the full vacancy notice](#).

Applicants should be full-time residents of the Town of Tiburon or City of Belvedere and have the time, interest, and desire to serve on the board or commission, including attendance at regular monthly meetings and other activities.

To apply, please submit [a complete application](#) to Town Clerk Lea Dilena at [ldilena@townoftiburon.org](mailto:ldilena@townoftiburon.org) or Tiburon Town Hall, 1505 Tiburon Boulevard, Tiburon CA 94920.

**Deadline: February 29, 2024 at 5:00 p.m.**

## AT&T California Applies to Remove Obligation to Provide Traditional Landline Service in California

AT&T California has applied with the California Public Utilities Commission (CPUC) to remove AT&T's obligation to provide traditional landline service over a large portion of the Bay Area, including Tiburon.

AT&T is currently obligated by California law to provide landline services to Tiburon as the designated Carrier of Last Resort (COLR). AT&T is now proposing to withdraw as the Carrier of Last Resort in our service area without a new carrier designated as the COLR.

**What does this mean?** If AT&T's application is accepted by the CPUC, no carrier would be required to provide basic landline services in Tiburon. This does not necessarily mean that no carriers would - only that they would not be required to do so. Other outcomes are possible, such as another carrier besides AT&T volunteering to become the COLR in our area, or the CPUC denying AT&T's proposal.

The CPUC will hold in-person and virtual public forums on AT&T's application and is accepting public comments. **Virtual forums will be held on March 19, 2024 at 2:00 p.m. and 6:00 p.m.**

For more information about AT&T's proposal, or for further instruction on submitting public comment on the matter, please [visit the CPUC's website](#).

## Tiburon Goes Green!

### An Update from our Climate Action & Sustainability Coordinator

### Happy Valentine's Day!

There are so many ways to show your love to Mother Earth this February! Treat yourself and your loved ones this Valentine's Day while keeping the planet at the heart of your plans. Here are some sustainable ideas for Valentine's Day gifts:

- Fairtrade chocolate
- A long-lasting present, such as a mug or a piece of art
- Responsibly and sustainably sourced jewelry
- Handmade or fair trade/recyclable card
- Instead of a bouquet, gift a living plant
- Baked goods, heartfelt and delicious
- The intangible gift of quality time

### Grateful Planet: A 10-Year Old's Vision for a Cleaner World

Meet 10-year-old environmental advocate Kiana, the brains behind Grateful Planet, a remarkable trash pickup initiative in Tiburon. With her infectious enthusiasm, Kiana is rallying the community to join the cause, proving that small hands can make a big impact in creating a cleaner, greener future for us all.
