A Word from the Mayor

Hello everyone and happy spring!

This month is Earth Day, which is an event held first in the 1970's to demonstrate support for environmental protection. Now more than one billion people celebrate Earth Day through 193 countries. The theme for Earth Day 2025 is "Our Power, Our Planet," meant to encourage people to unite behind renewable energy, push for a tripling of global renewable energy by 2030. It emphasizes the power of collective action to address climate change, protect biodiversity, and preserve ecosystems.

I am very proud of all we are doing here in Tiburon to meet these goals. When we look towards our future here in Tiburon, we are very focused on reducing our GHG emissions and implementing our Climate Action Plan. Please join us at the May 21st Town Council meeting for a report of our Climate Action Plan.

I encourage you to join our Diversity Inclusion Task Force (DITF) for Nowruz on April 19, 2025 from 3:00 to 5:00 p.m. on lower Main Street. Our DITF also would like you to join us on May 17, 2025 for our AAPI Festival at Zelinsky Park. Our DITF has been so successful hosting community events that our residents and visitors have loved attending and spreading cultural awareness, as well as diversifying our Town staff and Police Department. We have an opening on our Task Force and encourage you to apply. We would love your participation!

Thank you so much. It is an honor being your Mayor, and please reach out to me if I can assist you in any way.
