A Word from the Mayor

Hello Everyone:

I hope you are staying dry after the storms. I want to wish you and your family a very Happy Thanksgiving! During the holidays, I hope you have some wonderful celebrations with family and friends.

When you choose to buy gifts for family members, please shop in Tiburon. When you choose to go out to dinner, please choose a Tiburon restaurant. The winter can be among the slowest times for our local businesses and we need to show them our strong support.

This year I'm starting a *Shop Local, Eat Local Challenge* with our Chamber of Commerce. Whoever sends us proof of the highest dollar amount of funds spent in Tiburon's shops and restaurants from November 24, 2025 through January 15, 2026, will win a special surprise to be announced in the next Tiburon Talk newsletter. Entries can be sent to director@tiburonchamber.org.

And please don't miss the Tiburon Holiday Festival on Main Street and Ark Row on Saturday, December 6 from 2:00 p.m. to 5:00 p.m.! I hope to see you there!

Happy Holidays!

--Mayor Holli

Construction & Inspections During Town Winter Closure Town Hall Closed December 24 to January 5

Town Hall will be closed for the holidays from Wednesday, December 24, 2025 to Monday, January 5, 2026.

During the closure, the Building Official will allow architects to inspect architectural building features and engineers to inspect engineered building features. This option will expire on January 4th, 2026 and is permitted for all construction, excluding foundations, which need to be verified by the Building Division for property line setback requirements.

A daily report must be compiled for each inspection by the design professional with their name, signature and stamp, a complete description of the work, and the location of the work accepted. Please submit all reports by the design professional no later than January 5, 2026. Please be advised that additional inspections may be required as deemed necessary by the Building Official.

No construction work is permitted on Thursday, December 25 and Thursday, January 1.

Get Ready for Storm Season

To prepare for the upcoming storm season in your community, consider the following:

Flood. If you are in an area likely to flood, use sandbags. The Department of Public Works has set up two sandbag stations for your use. **Sand and sandbags are available at the Blackie's Pasture and Teather Park parking lots.** Please help yourself. A guide on how to properly stack sandbags is available on the [GetReady storm site](#). If you are aware of drainage failure and

significant flooding, contact the Tiburon Police Department at (415) 789-2801 and TPD will notify the appropriate response personnel.

Erosion control. Construction sites are required to implement erosion control and winterization of sites during the rainy season (October 15 through May 1). Learn how to winterize your site [here](#).

Wind. Heavy winds will cause patio furniture and other loose items to blow around and potentially break sliding glass doors and windows. Secure all patio furniture, boats, and other items in your yard.

Fallen trees. Report fallen trees to the Tiburon Police Department at (415) 789-2801.

Landslide. Inspect your property for land movement, retaining wall failure or drainage ditch and downspout issues. Clean out ditches, drains, and gutters for proper water flow away from your structure. Know multiple escape routes from your home and yard and evacuate your property if you discover earth movement or landslide.

Power outage or downed power lines. Power outages should be reported to PG&E at (800)743-5002 or [online](#). Downed power lines should be reported to PG&E and 911. Please do not call 911 or the Tiburon Police to report outages or inquire about restoration times.

Generator Use. If you intend to incorporate a large capacity power source into your preparedness toolkit to provide backup power for a medical device or refrigerator, keep in mind that permanent generator installation may require additional permitting. Contact the Tiburon Building Division at (415) 435-7380 for more information.

Driver safety. Use extra caution and keep your headlights on. Obey the speed limit and follow other traffic signals or detours from a safe distance.
