

Statement of Candidate for Member, Town Council
Town of Tiburon

NAME: Alice Fredericks

Occupation: Councilmember, Town of Tiburon

Priorities are securing Tiburon's open space, continued prudent fiscal management, restoration of local control of housing and all land use decisions, support for cost efficient recreation activities, mitigation of climate change impacts including reasonable efforts to electrify and to fund infrastructure for EV charging stations and sea level rise protection.

Although my formal education includes a Ph.D. in Behavioral Medicine and a Law degree, the most relevant experience is my 20 years on the Town of Tiburon Council working with collegial productive councils and engaged community members. I have worked as a research psychologist at UCSF, served as an extern at the California Supreme Court and am an inactive member of the State Bar. Experience includes service on the Tiburon Planning Commission, Transportation Authority of Marin Commission, Golden Gate Bridge Highway and Transportation District Board, and as a State Director of the League of California Cities. Currently Chair of Marin County Council of Mayor and Councilmembers Legislative Committee, I work for protection from the state legislature's overreach into local fiscal and land use authority. If re-elected to serve our community, I will continue to bring a broad perspective and continuity to the Council while welcoming new ideas. Questions? askalicenow@usa.net
