

Statement of Candidate for Member, Town Council Town of Tiburon

NAME: Stefanie Cho

I will bring a new voice and a fresh perspective to the Town Council should I be elected to fill the open seat. My husband and I are grateful that we could retire to Tiburon and meet the incredible neighbors that have become friends. I am eager to serve the community by running for the Council and I will prioritize the work that has been started which includes finalizing steps to preserve the open space supported by Measure M, balancing the State demands for increased housing density with a necessary push to restore imperative local control and advocating for proper planning to enhance recreational activities. I will be a fiscally responsible candidate and can leverage years of work experience as a tax advisor to make informed financial decisions and to uphold transparency, accountability and ethical governance practices. Lastly, I will make certain that I am reliably constituent-facing; I shall have regular hours, an open mind and a curious spirit. We all will thrive.

I would be honored to have your vote. Please contact me: stefaniecho2023@gmail.com
