A WORD FROM THE TOWN MANAGER

Dear Tiburon Residents,

Although you may not know it by the continued rain we have been experiencing, Spring is definitely in air at Tiburon Town Hall. As we all welcome the return of longer, and hopefully drier, days, I want to take this opportunity to call your attention to a few of the exciting projects staff is working on.

As you drive along Tiburon Boulevard, it is hard not to notice the poor condition of the McKegney Green athletic field. Well, that is all about to change as, after over two years of planning, the Town Council recently approved a $2M project to renovate and rebuild this incredible resource. Originally constructed in 1975, McKegney has played host to several generations of aspiring soccer players, but the condition of the field has deteriorated to the point it is virtually unusable for organized athletic play. The approved project will result in a 110,000 square foot sand-based athletic field, and includes removing the existing turf, regrading the entire area, replacing the irrigation system and finally, installing new turf designed for athletic play. The Tiburon Peninsula Soccer Club (TPSC) has provided a donation of $400,000 towards this project, and it is only through this donation that a project of this scale is possible. I want to thank the TPSC for their involvement in this project, and the generous financial gift to help make it a reality. We expect construction of the field to begin in early to mid-May.

Back in February, the Town hosted a Neighborhood Summit here at Town Hall. This was an opportunity for residents to let Town Council and staff hear what was on their minds. The event attracted approximately 50 people, and we heard comments and answered questions on a wide range of issues including: disaster preparedness, management of Town-owned open space as it relates to fire risk and flood control.

We also heard a number of concerns related to traffic safety. Whether it is speeding on neighborhoods streets, or safety at crosswalks, the one thing we can all do is remember to drive responsibly. This starts with education, and in an effort to help this effort, particularly with our youngest drivers and their parents, the
Tiburon and Belvedere Police Departments are excited to team up with the California Highway Patrol (CHP) in offering a **Start Smart** presentation on Saturday, April 28, from 9:00-11:00 AM at Tiburon Town Hall. This program, funded by the State Office of Traffic Safety, is designed for prospective underage drivers, newly licensed underage drivers, and their parents. Please see a more detailed description of this program below, and we look forward to seeing you there.

Sincerely,
Greg Chanis
Town Manager

**NEWSFLASH**

Please Join Us: Save Driving for Youth

We all want to make Tiburon a "safe driving" environment, for today's drivers, and the future drivers of tomorrow. Police Departments on the Peninsula recognize that parents who are preparing their children to drive, as well as the new drivers, may not understand all of the legal requirements of this important milestone.

We are pleased to announce the Tiburon & Belvedere Police Departments, in partnership with the California Highway Patrol, will present "Start Smart", a program funded by the Office of Traffic Safety for prospective underage drivers and the parents of prospective, newly licensed or permitted underage drivers.

The presentation will include information on the current parental responsibilities for driver training and education of prospective underage drivers as well as the legal limitations on the driving privileges of underage drivers and the consequences of violations.

If you are the parent of an underage driver, or of someone who is about to become permitted or licensed as an underage driver, this presentation is for you.

The presentation will be at 9:00 AM on Saturday, April 28, at Tiburon Town Hall and is expected to run about 2 hours. The presentation is open to anyone. If you are interested in attending, please call Laurie Nilsen at Tiburon PD at (415)789-2801 to reserve a spot.

**Introducing New Town Employees:**

Megan Aceves and Sung Kwon
Town Hall recently welcomed two new faces in the Community Development Department. Building Permit Clerk Megan Aceves joined us in January, while Planning Manager Sung Kwon started in March.

Megan came to the Town from the private sector, where she worked as a retail clothing store manager. She holds a bachelor's degree in geography from Sonoma State University and is a LEED-certified Green Design Associate. Megan has a buoyant personality, is highly organized, a quick learner, and has excellent customer service skills. She recently relocated to Marin County from her native Sonoma. You will most likely be greeted by Megan at the Building Division front counter or on the phone in her capacity as Building Permit Clerk.

Sung arrived at the Town after holding progressively responsible planning positions at a private consulting firm, the City of Orinda, City of Oakland, County of Tulare, and City of Saratoga. He replaces Planning Manager Dan Watrous, who retired after 21 years with Tiburon. Sung is personable, knowledgeable, and has a broad range of planning experience. His technological savvy will serve the Town well in the coming years. He holds master's degrees in business administration and city and regional planning, and is a member of the American Institute of Certified Planners. He currently serves as Vice-President of Administration for the California Chapter of the American Planning Association.

Please welcome Megan and Sung on your next visit to Town Hall!

Free Gun Locks and Firearm Disposal

The Tiburon Police Department has gun locks available at no charge to anyone who wants or needs them. If you own a gun or guns, making sure they are stored safely is important. Many of us have inherited firearms from relatives and haven't thought of them in years. Now is a good time to make sure that you know where they are and that they are properly secured.

Many home firearms accidents occur when unauthorized individuals - often children - discover loaded firearms that are left in the open or unsecured. Children are extremely curious and might find a gun in your home that you thought was safely hidden or accessible. Hiding a gun in a closet, drawer or similar location is not safe storage.

If you have a firearm that you do not want and wish to have it
destroyed, the Tiburon Police Department can take possession of it and have it incinerated properly. Call the Tiburon Police Department at (415)789-2801 to make arrangements or bring it to the station.

If you bring it to the Police Station yourself, please leave it in your trunk and an officer will remove it from your vehicle. Please do not carry it into the Police Department.

Gun locks are available Monday through Friday during business hours at the Tiburon Police Station, 1155 Tiburon Boulevard.
