A Word from Police Chief Ryan Monaghan

Valued members of the Tiburon community,

As I reflect on my first week as the Tiburon Police Chief, I feel very fortunate to play such an integral role, along with the members of our police department and Town organization, in serving this amazing community. The Town of Tiburon is one-of-a-kind made whole by all those who live, work, and visit here. It is my privilege and honor to be part of a police department whose primary mission is to ensure the safety and wellbeing of all those who make up the whole. I am keenly aware our ability to successfully carry out this mission hinges on a partnership with the

community based on trust. I can assure you the women and men of the Tiburon Police Department and I are fully committed to preserving and building upon that trust.

As a newcomer, I bring the advantage of a fresh perspective and my own in-depth experiences policing diverse and dynamic communities. My experience has taught me that forging partnerships and meeting the interests of all those we serve will result in the most successful safety initiatives. To that end, I look forward to hearing from all of you and I am exploring future community engagement opportunities to get broad input on your interests in our department and our levels of service.

I want to ensure that all of us at the Tiburon Police Department provide fair, equitable, and meaningful service to ALL our valued community members. As I conduct my assessment and strategic plans for TPD, I will be working closely with the Diversity Inclusion Task Force to ensure we have the full lens and 360-degree view of our community's needs. Going forward, I will be taking that input and focusing on three key areas of 21st century constitutional policing:

- Training and development for our personnel;
- Policies and procedures that govern our actions; and
- Community engagement.

Please follow us on Instagram [@tiburonpd](#) and join in on our community engagement opportunities to get to know us and share your input on ways TPD can optimize our partnerships with our communities and enhance our exceptional service delivery. I would also like to take a moment to thank all the community members, Town staff, and the dedicated women and men of TPD who have given me such a warm welcome. We stand ready to serve and engage with you!

Sincerely,
Ryan Monaghan
Chief of Police

Mondays with the Mayor

Please join me with your coffee on the second and fourth Mondays of the month from 9:00 - 9:30 A.M. Despite COVID-19, I want to virtually meet with you and chat about anything that is on your mind.

Please sign up at HollThierTiburonTownCouncil@gmail.com and we will send you a Zoom link.

Our next virtual coffee will be on Monday, April 26, 2021. I cannot wait to "see" you.

Would You Like Slow Street to Continue in 2021?

Last summer, Tiburon instituted a Slow Street Program to create an outdoor space for physically distanced activities for all residents and visitors. Many cities implemented similar programs last summer to support local businesses during the pandemic.

Tiburon's Slow Street involved closing lower Main Street between Main Street & Tiburon Boulevard to the roundabout before Corinthian Yacht Club to vehicular traffic on the weekends, creating a pedestrian only area for walking, dining, and shopping.

The Town is evaluating a similar Slow Street closure in 2021 and is seeking your input! Please let us know if you would be in favor of implementing a Slow Street closure this year by taking this [short \(1-minute\) survey](#).

Register for the Next Community Workshop: Downtown

Registration is now open for the next community workshop on the Downtown. This is the third of a series of five workshops planned for this year for an update of the Town's General Plan. The workshop will be held virtually on Tuesday, April 27 from 6 - 8 p.m. [Register here](#).

Downtown Tiburon has been a place of significant change over time. At this workshop, we'll look at how the General Plan can guide the development of the downtown streets, public spaces, business spaces, and housing opportunities in the years ahead. How can we help make downtown a resilient, successful hub for our community? Learn more about the workshop [here](#).

Safety, Parks and Open Space Survey Launched

The Town has launched a new survey on Safety, Parks and Open Space. The survey follows up on topics explored at the March 30 community workshop, including environmental hazards like wildfire and earthquake, and opportunities to improve and expand local parks and open space. We invite you to share with us how you think the Town should respond to safety risks and improve recreational opportunities at Tiburon's parks and open spaces.

Spring into Preparedness!

It's easy to forget that we live nestled between the San Andreas and Hayward fault line when wildland fires and PSPS have overshadowed the earthquake threat for several years now. As the saying goes, out of sight out of mind . . .

This Spring, let's all do our part to Get Ready by updating our emergency supplies, dusting off those emergency plans and reviewing them with friends and family. Get Ready for this year's fire season, public safety power shutoffs, AND earthquakes. In person Get Ready classes have not resumed yet but a full length Get Ready class, hosted by the Tiburon Police Department, can be found on YouTube at the link below.

If you haven't taken a Get Ready class before, now is a great time to take the class at your leisure from the comfort of your home. Been a while since you've taken one? Watch the video as a refresher and get inspired to prepare yourself, your home, and your family for any kind of emergency or disaster. Learn about what resources can be found on the Peninsula and what plans are in place. If you have any questions about disaster preparedness, please call Laurie at the Tiburon Police Department at (415)789-2805.

COVID-19 Update

Vaccine Availability & Eligibility

Beginning Thursday, April 15, all Marin County residents aged 16+ will be eligible for their COVID-19 vaccine. Appointments are available through multiple sites. Check [Marin Public Health's Vaccine Portal](#) for a comprehensive list and links to register for an appointment.

Appointments and vaccine supply remain limited, but residents are encouraged to consistently monitor this page as new appointment slots are added as they become available.

Blueprint for a Safer Economy

Marin County remains in Tier 3 (Orange) in the State's Blueprint for a Safer Economy framework for reopening. Despite our incredible progress, continued diligence and a consistent decrease in COVID-19 case rates will be required to advance to the next tier (Tier 4 - Yellow).

Please continue to physical distance, wear your mask, and self-quarantine as needed.

FACE COVERINGS

are now **mandatory** for

EVERYONE IN PUBLIC SETTINGS.
