## Tiburon Boulevard Detour Updates

Starting on **Wednesday, August 11** at 8:00 a.m., motorists should expect a change in traffic conditions on Tiburon Boulevard near Rock Hill Road as the Hawthorne Utility Undergrounding District construction continues. Outbound traffic heading towards Highway 101 (Northbound) will continue to follow the current detour on Rock Hill Road, Hilary Drive, and Avenida Miraflores. Inbound traffic towards downtown Tiburon (Southbound) will be allowed to stay on Tiburon Boulevard through the construction area. This configuration will last through August 13.

On **Monday, August 16**, a full closure of Tiburon Boulevard and detour will be implemented for one day so the traffic signal at Rock Hill Road can be put back in service.

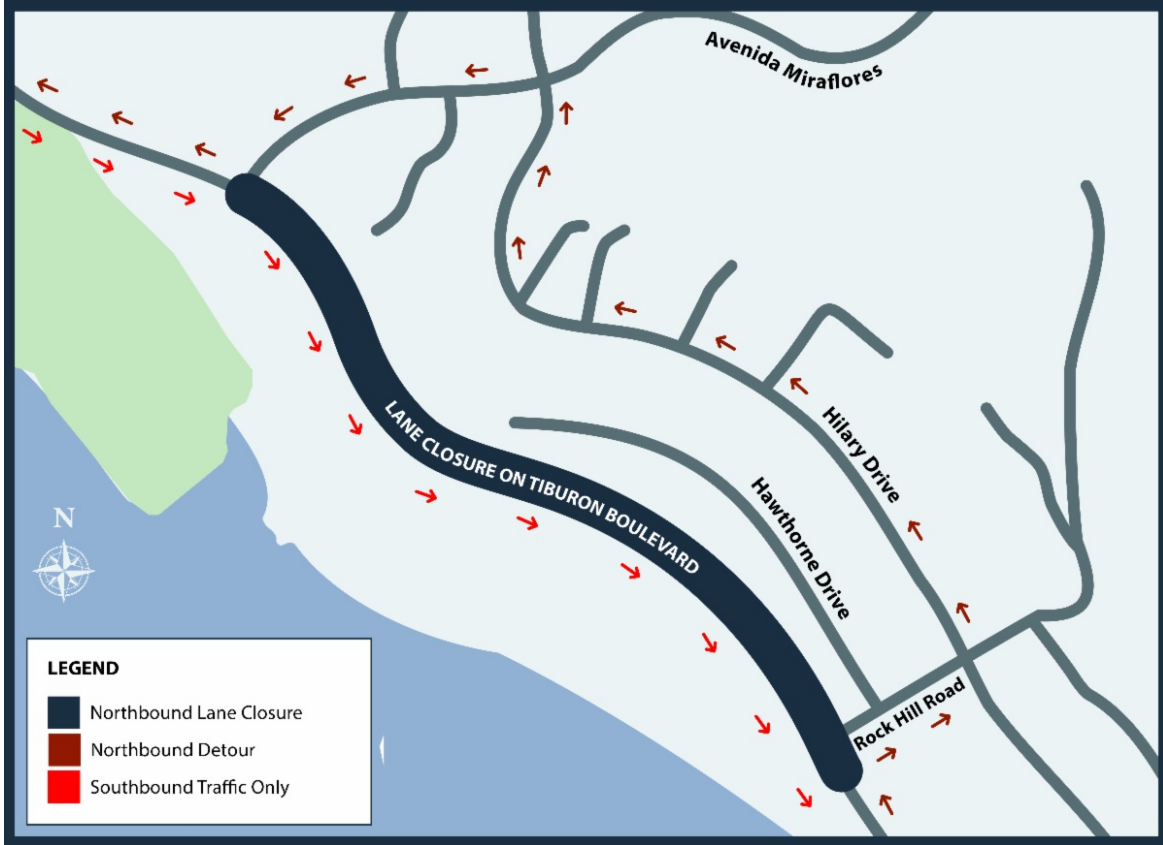

Construction activities will take place from 8:00 a.m. to 5:00 p.m.

Traffic control and flaggers will continue to be in place to facilitate the movement of traffic on the detours. The traffic signals at Rock Hill Road and Avenida Miraflores will be placed in flashing red mode as needed.

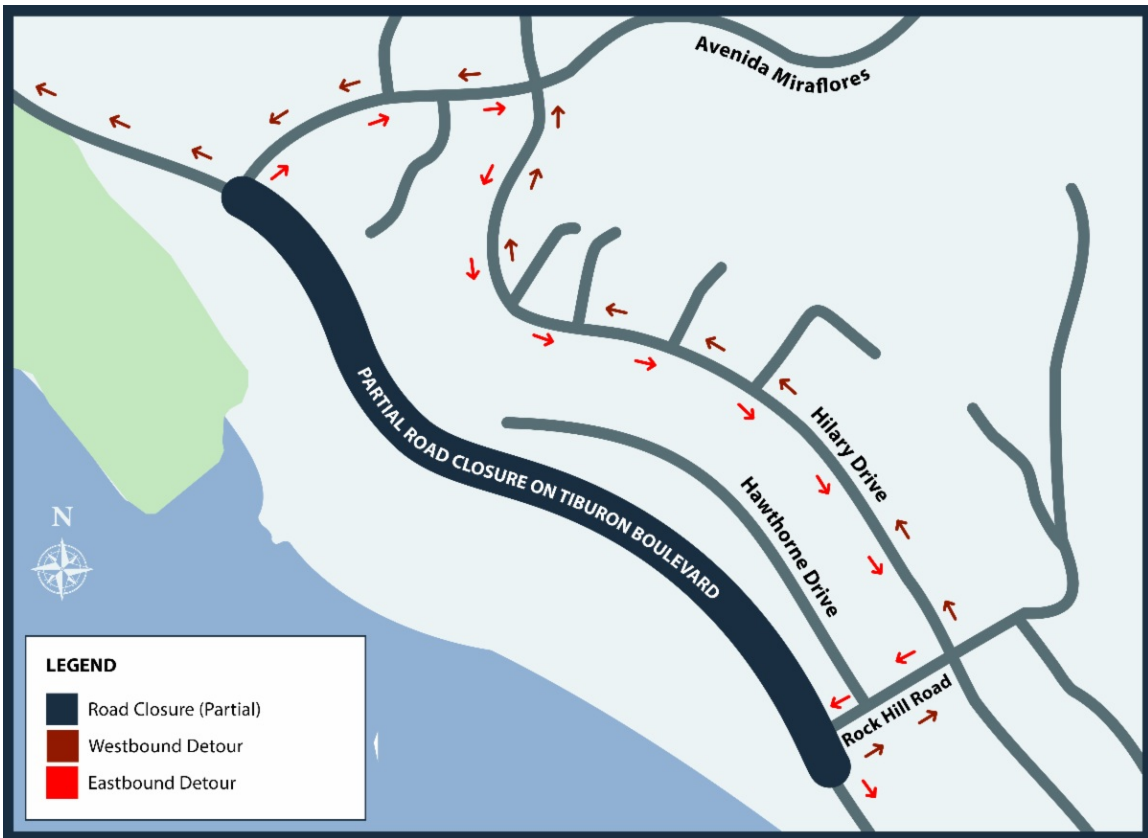

Please refer to the maps below indicating the detours. We thank you for your patience.

This closure is part of the Hawthorne Utility Undergrounding District, which you can learn more about here: <http://www.townoftiburon.org/285/Hawthorne-Undergrounding-District>

The below map indicates the Northbound lane closure, taking place between **8/11 - 8/13**, and Northbound detour route.

For more information, please contact Regional Manager Alan Stone at (415)844-0223. Visit <https://acmssafety.com/careers/> to apply. [View the job flyer.](#)

TAM's crossing guard program was first implemented in 2006 with 54 crossing guards and has grown to 100 locally funded crossing guards. Funding is provided by Marin's local 1/2-cent transportation sales tax and the local \$10 vehicle registration fee.
