## Tiburon 2040: Housing Survey is Live & Registration is Open for Mobility and Noise Workshop on 3/22

### Housing Workshop Survey is Live

Building on the feedback from the first Housing Workshop in November 2021, the Town held the Housing II Workshop in February 2022 to discuss existing zoning and site constraints as well as potential changes to uses, building heights, and residential densities to accommodate more housing. If you missed the workshop, this is your opportunity to provide feedback and share your thoughts on housing opportunity sites in Tiburon that should be addressed in the General Plan. [More information here.](#)

### The Housing II survey is available here.

### Register for Mobility and Noise Workshop on 3/22

Join us for a virtual community workshop on Mobility & Noise on Tuesday, March 22, from 6:00 - 8:00 p.m. The Circulation Element identifies transportation goals and policies to ensure that transportation and land use decisions are coordinated, while ensuring a balanced, multimodal transportation network that meets the needs of all users of streets - including bicyclists, children, persons with disabilities, motorists, movers of commercial goods, pedestrians, public transportation, and seniors. The transportation system plays a key role in determining the community's character. [More information here.](#)

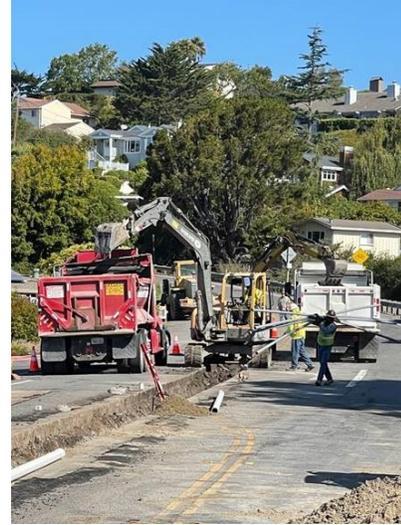

The March 22 workshop will discuss transportation conditions and mobility priorities in Tiburon relevant to updating the Circulation Element of Tiburon's General Plan. [Register for the workshop here.](#)

## Tiburon Boulevard Paving Begins April 4

The Hawthorne Utility Underground District project is entering the next phase of construction. In the upcoming weeks, final pavement restoration will be performed throughout the various neighborhoods with further detail provided below. The construction schedule is subject to change due to inclement weather.

Sections of Tiburon Boulevard between Avenida Miraflores and Rock Hill Road will be repaved as part of the final phases of the project. Hawthorne Drive and lower Rock Hill Road will also be paved as part of this phase. Other streets within the project limits will receive a slurry seal, likely on April 26 and April 27. More information will be sent out regarding the slurry seal phase as the dates get closer.

Starting on Monday, April 4 at 8:00 a.m., motorists should expect a change in traffic conditions on Tiburon Boulevard as the Hawthorne Utility Underground District pavement restoration commences. Outbound traffic heading toward Highway 101 will follow a detour through residential streets including Rock Hill Road, Hilary Drive, and Avenida Miraflores. Inbound traffic headed toward downtown Tiburon will also follow the detour through residential streets to bypass the work zone on Tiburon Boulevard. This configuration will last through Friday, April 8, although it is expected that the work may finish sooner.

Traffic control and flaggers will be in place to facilitate the movement of traffic through the detours. The traffic signals at Rock Hill Road and Avenida Miraflores will be placed in flashing red mode as needed. Modifications to this traffic control play may be put into place.

We thank you for your patience.

## Celebrate Women's History on March 28

The Diversity Inclusion Task Force Events subcommittee invites the community to celebrate Women's history on March 28, 2022 from 4:00-6:00 p.m. at Town Hall. Tiburon women will host a panel discussion with audience participation moderated by Anette Harris on the many visions and roles of women, including business, art, healthcare, culture, history, and community service.

We are excited to host the following speakers:

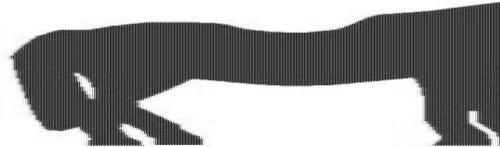

- Caroline Thibeaux, local spa owner and author of *Follow Your Dream*
- Magdalena Yesil, to share 5 takeaways from *Power Up*, her book on women's paths of achievement
- Mary Bowles, Marin Villages, to speak about her role in Tiburon Villages to organize volunteers who enable the elderly community to age in place
- Jarvis Rose Jones, Haute couture designer and expert in knowledge of Main Street and Ark Row
- Marilyn Knight, co-founder of the Ark and co-founder and former head of the Belvedere Nursery School and Hawthorne Nursery School
- Ruth Kahn, Artistic Director and Founder of Musica Marin and professional violinist
- Stacy Holland, entrepreneur and founder of Exceptional People
- DeAnn Biss, Executive Director of the Tiburon Peninsula Chamber of Commerce
- and youth representing our next generations.

## The Tiburon Peninsula Foundation (TPF) is Here for You!

In 1969, the Tiburon Peninsula Foundation got started when a visionary named Sam Shapero (then Tiburon's Town Treasurer) decided that Blackie's Pasture needed to be preserved and protected.

So, Sam did two things. He bought one third of the land and donated it to a foundation he created - the Tiburon Peninsula Foundation. This foundation then raised the money to buy another third. The foundation gifted its two thirds to the Town of Tiburon on the condition that the Town wrestle the remaining third from Caltrans.

The Town managed to do just that and from this start, it became not only Blackie's Pasture, but McKegney Green and the South of the Knoll Park. TPF was responsible for installing the Blackie Sculpture that has entertained children and families for decades.

The TPF (with their volunteer Board of Directors) continue to serve the community today by supporting projects with grants. Now is the time to ask. The TPF meets on the second Thursday of the month and happily considers all requests.

## Transformative Justice Institute: Community Circles with TPD

In 2021, the Tiburon Police Department engaged with the Transformative Justice Institute in creating a process to engage the community with members of the Police Department.

The result was a series of restorative justice circles called the Living and Growing Together series. In each circle, local community members met with Tiburon Police officers and Chief Monaghan and were engaged in dialogues to help understand the policing needs of their community, any concerns the community had, and an invitation to partner with the department to ensure the delivery of police services were aligned with the needs of the Tiburon community. The process was open to any and all community members of Tiburon.

After completion of the Living and Growing Together series, an Executive Summary was created to summarize the key themes of the circles and share feedback and recommendations. [Read the Executive Summary here](#), and watch a video chronicle of the

series below (YouTube).

## Interested in Neighborhood Watch?

In light of recent burglaries, some Tiburon residents have reignited Neighborhood Watch groups. Neighborhood Watch programs bring neighbors together by working with law enforcement to learn how to better protect themselves and their neighborhoods by learning and implementing crime prevention measures, including looking out for each other and immediately reporting suspicious activity in the neighborhood to law enforcement.

Neighborhoods who sign up for the Neighborhood Watch Program receive free materials including a "How to Organize and Maintain Neighborhood Watch Programs" booklet, decals for windows and signs for their street.

For more information, or if you are interested in starting a neighborhood watch in your neighborhood, please contact Angie Delnevo at [adelnevo@tiburonpd.org](mailto:adelnevo@tiburonpd.org) or (415)789-2801.
